Since 1959 • Sales@Retmay.com • retmay.com

SERVICES & MANUFACTURER LINES

Custom Kitting • Vendor-Managed Inventory
Serving all of Pennsylvania (incl. Philadelphia) & New Jersey

CUSTOM KITTING

Stop building kits in-house. We package your fasteners and components the way your team uses them — saving labor, errors and floor space.

- ▶ **Customer-specific fastener kits** — built to your bill of materials, assembly, or job.
- ▶ **Labeled bags & boxes** — bin-tag, part #, count and revision printed on every package.
- ▶ **One kit part number to order** — replace dozens of line items with a single SKU.
- ▶ **Fewer picks & touches** — production teams open one bag instead of chasing parts.
- ▶ **Cleaner receiving & A/P** — one PO line, one receipt, one invoice line per kit.
- ▶ **Job-/assembly-ready packaging** — sequenced for the work order or model.
- ▶ **Private-label options** — your part number, your branding.

VENDOR-MANAGED INVENTORY (VMI)

We own the headache of keeping your bins stocked. You focus on building, fixing and shipping.

- ▶ **Kanban / two-bin stocking** — visual triggers at point-of-use; no stockouts, no over-ordering.
- ▶ **Bin labeling & part tagging** — every bin and shelf clearly identified.
- ▶ **Scheduled cycle counts** — we walk your floor and count, you keep producing.
- ▶ **Min/max planning** — usage-driven reorder points refreshed regularly.
- ▶ **Just-in-time replenishment** — we deliver and re-stock the bins.
- ▶ **Single source for fasteners & MRO** — fewer vendors, fewer POs.
- ▶ **Usage reports** — visibility into what you actually consume.

WHO WE SERVE Manufacturers • OEMs • Maintenance & MRO Teams • Fleets • Installers & Contractors • Industrial Buyers

REPRESENTATIVE MANUFACTURER LINES

A top distributor of **Champion** products in Central Pennsylvania.
